

“Hand in Hand for the Environment Protection”

Final Evaluation Questionnaire *for students from 1st Epaggelmatiko Lykeio of Drama, Greece*

1. Name and age
16, 17
2. Why did you involve in this project?
We involved in this project because we were very interested in and very sensitive about environmental issues. We would also like to exchange ideas with students of other countries and we would also have the opportunity to travel abroad.
3. Do you consider that your participation contributed to your personal and educational development? (work in team, leadership abilities, language progress, collaboration with teachers, communication skills, etc.)
The truth is that being part of the Comenius team was a great experience, because it was given to us the opportunity to develop our computer skills, practice our English, work in team and to collaborate with the teachers involved in another level and getting to know them through a different aspect out of the strict school area.
4. Describe the manner in which you involved in the activities proposed.
We worked on the leaflets we had to do, the posters, the terms of the dictionary on several issues, we distributed leaflets to the local community, we answered to questionnaires in order to get some results, we experimented upon alternative energy sources and we worked finding information on every different sector of this project. We also communicated via facebook with teachers and students involved, sharing photos, comments, exchanging aspects and ideas and voting for the competitions on the net.
5. How did you collaborate with your fellow students from partner countries?
During the mobility, at the project meetings, we attended the project results all together, we prepared some posters, a power point presentation with photos of all the meetings, we attended some classes at the host school, we planted trees and participated in general in every activity of the programme.
6. Share with us your best experience from this project.
Planting trees,
Making posters,
Camping,
Traveling,
Making new friends,
Meeting new people
